RE: PROBATION VIOLATION

Date: April 21, 2026

(To be used when a probationer is arrested for a violation of probation and is not released from custody or afforded a revocation hearing within five (5) days of arrest, excluding Saturdays, Sundays, and holidays.)

I, Sam Payson, a State of Maine Probation Officer, do hereby swear that I have probable cause to believe that Eliot Raphael Cutler (07/29/1946), a person who is currently on probation pursuant to sentence from HANCOCK CRIMINAL DOCKET, Docket#CR-2022-00241, has violated probation.

My basis for probable cause is:

On 4-17-26 I received an email from Dawn Ego who is with the Major Crimes Special Victims Unit. She was tasked with examining several electronic devices belonging to Eliot Cutler.

She stated that she was provided with 3 different passcodes to access an electronic device belonging to Cutler. This information was provided to her by DA Granger who had received the information from Attorney Walt KcKee who is Cutler's lawyer. She stated that all three passcodes provided did not work and she cannot get into the devices.

Attached are supporting documents, which I swear are true and correct to the best of my information and belief.

Personally appeared before me, the above-named Sam Payson and made oath that the foregoing statements made by him/her are true.

SUPERVISION PLAN AND RECOMMENDATIONS

Supervision History:

This is Mr. Cutlers 5th violation of his probation conditions in a relatively short timeframe all of which are due to his inability to refrain from pornography and participate in court ordered PSB treatment. This violation is due to the fact that he is not providing the correct passcodes or keys that would allow electronics under his control to be searched per his conditions.

Supervision Plan/Recommendations:

This is another example of Mr. Cutler demonstrating that he has no intent of following his ordered conditions. It is obvious that he does not intend on following his probation conditions or rules set forth by the court. Therefore probation will not be a benefit.

I recommend a full revocation of approximately 39 months for the protection of the community.
