

STATE OF MAINE

SUPREME JUDICIAL COURT
Sitting as the Law Court
Docket No. Ken-24-450

Andrew Robbins et al.

v.

**ORDER PERMITTING TRIAL
COURT ACTION**

Commission on Public Defense
Services et al.

The State of Maine appeals from an order of the Superior Court (Kennebec County) that does not dispose of all claims against all parties. In the interest of permitting this matter to continue efficiently in the trial court, this Court will suspend the prohibition on further trial court action contained in M.R. App. P. 3(b). *See* M.R. App. P. 14(c) (permitting the Law Court to suspend provisions of rules for good cause).

It is ORDERED that the provisions of M.R. App. P. 3(b) are SUSPENDED. The trial court may take any action on, and may proceed with, its matter in the usual course as though no appeal had been taken. This order is effective retroactively as necessary to validate any action taken after the State filed its notice of appeal but before the date of this order.
